

ESWELL Newsletter

July 2024

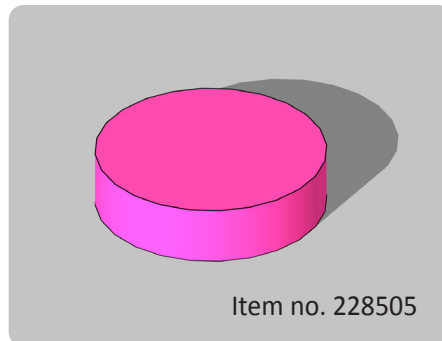

Dear ESWELL customer,

With this newsletter I want to inform you about the latest developments and news from our side and at the same time wish you a pleasant summer.

New product

Due to demand from several countries, we are introducing a head ring for children, large (item no. 228505). The new head ring will be exactly between our head ring for children (item no. 249091) and our head ring for adults (item no. 249096) in terms of size. It will be included in the next update of our brochure.

Item no.	Description	Colour	Size D x H in mm	List price in EUR
228505	Head ring for children, large	Pink	175 x 45	167,35

ESWELL

Discontinued products

We are still working on optimizing our product range and the following two products have been removed from our standard range and from the brochure in the next update:

Item no. 249082 can be replaced by our Intubation pad, long, bariatric (item no. 249152) and item no. 249083 can be replaced by our Intubation pad, short, bariatric (item no. 249154).

We still have some of the discontinued products on stock and they will also be available in the future – you just must calculate with a longer delivery time.

Updated brochures

All our brochures will be updated soon and sent to you as soon as they are available in your language. They will also be available online on our website www.eswell.eu.

Delivery times during summer

Our production will be closed during weeks 29, 30 and 31. Therefore, you might experience longer delivery times than usual over the next two months.

International exhibitions

Currently, we are planning to participate (with local partners) at the following exhibitions/meetings in 2024:

- FS OP, Kolding, Denmark, 28.10. – 29.10.

If you are planning to participate at a congress/exhibition/meeting in your country, where you think that the participation of ESWELL could make a difference, let me know. I can join you at the exhibition and take with me our pressure-imaging system to show how pressure changes when placing patients in different positions.
